Mammogram Service Inaugurated at SMAH: Advancing Women's Health

On 10th Feb 2025, SMAH inaugurated the Mammogram facility to the community. This significant addition marks a milestone in our commitment to advancing women's health by providing early detection and diagnosis of breast cancer. The inauguration ceremony was graced by Nepal Cancer Relief Society, Banepa, Kavre-Chairman, alongside SMAH leadership team and staff members. The facility, equipped with advanced imaging technology, ensures accurate and reliable results, offering women in the community access to essential diagnostic services. Speaking at the event, CEO of the hospital said, “The launch of this facility reflects SMAH’s dedication to enhancing healthcare accessibility and empowering women to take charge of their health.” Women are encouraged to schedule regular mammograms to ensure early detection of breast cancer, which significantly increases the chances of successful treatment.

Valentine’s Day Celebration at SMAH: Love Blossoms in Every Corner of SMAH.

On 14th Feb 2025, SMAH embraced the spirit of Valentine’s Day with a heartwarming celebration, spreading love and appreciation among coworkers and patients alike. With the theme “We Care, We Love”, the event was a beautiful reminder of the compassion and dedication that define our hospital community. The celebration was made extra special with roses pinned to each staff member, symbolizing gratitude and unity. Chocolates and light snacks were shared, adding sweetness to the occasion. A vibrant photo booth brought joy and excitement, capturing moments of togetherness and smiles.

At SMAH, love blossoms not just on Valentine’s Day, but every day in the compassionate care we provide and the support we extend to one another.

Empowering SMAH Staff: A Session on Gender-Based Violence

On 17th February 2025, SMAH staff participated in an enlightening session on Gender-Based Violence, presented by Dr. Roshani Amatya at Himalaya Drishya Resort. The session provided essential knowledge and raised awareness on this critical issue, equipping our team with a deeper understanding of its impact and ways to address it. We extend our sincere appreciation to Women for Women Foundation (WFWF) for facilitating this impactful session and to Dr. Roshani Amatya for delivering such a beneficial and enlightening presentation.

Re-Fresher Helping Babies Breathe (HBB) Training to SMAH Health workers

On 23rd February 2025, refresher training on Helping Babies Breathe (HBB) was conducted for a total of 15 participants, including faculty members of the College of Nursing and nurses. This session served as a follow-up to the initial HBB training provided a year ago to hospital employees, reinforcing essential newborn resuscitation skills. The training was facilitated by Master Trainer Ms. Dibya Lakhe, Ms.Biku Karmacharya, and Ms. Alina Shrestha, who guided participants through hands-on sessions and key updates. The refresher course aimed to enhance the confidence and competency of healthcare professionals in providing timely and effective neonatal care, ensuring better outcomes for newborns in critical situations. SMAH remains committed to equipping its healthcare team with essential life-saving skills through continuous learning and development.
